

WELCOME TO

**UNITING
CHURCH**

A HEARING LOOP IS AVAILABLE

The hearing loop is in the church building.

You need a T-switch on your hearing aid in order to be able to use the loop. Ensure that you have switched your hearing aid device on to the T-switch.

The loop is available all the seats in the church. A loop is also available in the hall.

If you sit in the area of the loop you will receive the signal from the loop.

SPEAKERS/READERS:

If you will be speaking during the service, make sure that you speak into the microphone. The hearing loop only works if the microphone and PA system are used. When you speak into the microphone, hold it about 18cm (6") away from your mouth.

LARGE PRINT

Large print Bibles and hymn books are available. They have "LP" written on their spine. If you need the handouts and worship sheets to be printed larger, please let Church secretary know and this will be arranged.

CARERS

If you are a carer and would like help to care for the person who has a disability during the service, please let "The Steward" know, and he/she will find help if possible.

CONCERNS Re: ACCESS:

If you have any concerns or complaints about access to the church, please let one of the elders or one of the stewards know. He/she will note your complaint and discuss it with the relevant committee. The complaint will be acted upon if possible.
